Always aboard my boat...

TraceBoat is the permanent link with your boat, it allows you to communicate in real time with it.

With my TraceBoat

- I am not aboard my boat.
- I locate it.
- I visualize it daily on the simple and playful interface on my phone or my PC.
- I choose the display mode: satellite or simplified map ...
- I am watching him and I am warned.
- I am notified by SMS if a position is outside the zone I have set.
